The organiser of every round is responsible for keeping assigned start-positions because of a continuous and total score of every crew.

8. The organiser should keep the valid rules for “The Central European Cup“ by building the track, the most important is to avoid using text instructions for itinerar. This itinerar should be understandable and unambiguous for every crew from different country, that there is no language barrier. **All the organizers to make much more easier etaps, to prevent newcomers from losing their enthusiasm. We could create these easier etaps by using only the itinerary types from the common rules. Time for the night’s 2 or 3 stages no more as 70-90 min on each stage. The organizer public write discussion with the new rules or explanations communicate for crews a few days before competition (if is possible) – it’s important for better understanding (longer time) - form of publication is sending on mail or public on website.**
